

NOVA

CONVEYOR BELTS

Nova non-woven conveyor belts are designed for performance and versatility in conveying and processing for many application fields in the light material handling industry.

All styles are available in Green, HC Black, and FDA White.

NOVA offers these important material handling advantages:

- ▶ Exceptionally low noise
- ▶ Cut, tear & abrasion resistant
- ▶ Will not scratch or mark products being conveyed
- ▶ Minimal stretch when sized and tensioned properly
- ▶ Dimensionally stable
- ▶ Impact absorbent
- ▶ Excellent Trackability
- ▶ Resistant to oil and grease
- ▶ Good strength to weight ratio
- ▶ Suitable for troughing
- ▶ Eliminates ply separation
- ▶ Good thickness consistency
- ▶ Good flexibility
- ▶ Excellent edge integrity
- ▶ Low friction surfaces
- ▶ Black Highly Conductive
